

# A Walk Around UIC

Welcome to UIC! We invite you to spend some time getting to know our campus, located just a mile from Chicago's Loop. The stops highlighted below are all within walking distance on UIC's East Side, home to the majority of undergraduate classes. A map is on the back. We recommend getting started at 750 S. Halsted, home of UIC's student union, **Student Center East**. It is accessible by the UIC Halsted Blue Line station, the Halsted Bus (Halsted/Polk), and has metered parking across the street.

- A hub of student life, **STUDENT CENTER EAST** is home to computer labs, lounges, a bowling alley, a barber shop, the UIC Bookstore, and a multitude of dining options. Located on the historic Netsch campus, SCE is actually one of only a few original buildings that was not designed by famous architect, Walter Netsch in the 1960s. Look around and see if you can spot his originals.
- Take a look inside **LECTURE CENTER A**. Classrooms here typically serve students enrolled in "gen ed" courses. Between classes, students study or relax in the large Oasis at the south end of the building.
- **THE RICHARD J. DALEY LIBRARY** houses an impressive collection of books, images, maps, journals, manuscripts, and more. In the lobby, two beautiful Oases display art from Special Collections. A high-tech Learning Commons is open additional hours on the south end of the first floor.
- Newly renovated **GRANT, LINCOLN AND DOUGLAS HALLS** represent UIC's dedication to students as well as the environment. The brightly lit classrooms and computer labs, models of green architecture, are heated and cooled by renewable energy. The College of Business has a simulated trading floor environment on the first floor.
- Don't miss the stunning **STUDENT REC FACILITY** Facility. This state-of-the-art fitness center offers a lazy river, rock climbing wall, 3-lane running track, group exercise studios, spin classes, massages, salsa/merengue lessons, Tae Kwon Do, and much, much more.
- **THE JANE ADDAM'S HULL HOUSE MUSEUM** (JAHM) is a symbol of UIC's commitment to serving Chicago's diverse communities. Enjoy a visit to the museum Mondays—Fridays 10:00 AM—4:00 PM and Sundays 12:00—4:00 PM, or join one of the free public tours at 1:00 PM every Wednesday and Sunday. Visit [hullhousemuseum.org](http://hullhousemuseum.org) for more information.
- The **UIC SKYSPACE** created by artist James Turrell, and the **UIC FORUM** mark the entrance to South Campus. The Forum hosts many campus events, including the annual Student Research Forum in April of each year.
- Today almost half of all students live on campus or in surrounding neighborhoods. **JAMES STUKEL TOWERS** is one of three popular student residence halls on South Campus. Further south is Chicago's historic **MAXWELL STREET** where street sculptures and photographs commemorate that significant era in city history.
